

Clean room recessed mount type Lighting Fixtures

CR252-F SERIES

Type of Explosion-Proof
Flameproof (Ex d IIC T6 IP66)

Features

- Emergency lighting to ensure evacuation and rescue time even after power interruption in the clean room.
- Long life without maintenance of LED light source that glows 24 hours a day without turning off
- One of the lights to the module and power with the Ministry of two LED and automatic, fault detection in turn drive a pair of function.

Standard Materials

- Enclosure : Die casting aluminium alloy
- Globe : Tempered glass
- Recessed Frame : Aluminium alloy
- Recessed Frame Cover : Polycarbonate

Standard Finish

- MUNSELL No. 7.5BG 6/1.5
- If you want another color, contact us please.

Compliance & Certification

- EC 60079-0,1
- Notification of Ministry of Labor No. 2010-36
- Certified by KOSHA
(Korea Occupational Safety and Health Agency)

Application

CR252-F Series Obstruction lighting fixtures are used

- Multifunction LED Explosion-proof Lighting
Applicable to Semiconductor Manufacturing Line and Material Parts Production Plant
- The semiconductor, Semiconductor material parts and components industries and other heavy process industry facilities.
- A large amount of hydrogen-based explosive gas and flammable chemicals are used in the etching and cleaning process of semiconductors, which ensures explosion-proof stability

Technical Data

Catalog No.	Rated Voltage (V)	Rated Wattage (W)	Lamp	Weight (kg)
SEBP-CR252-F	220	15	LED	10Kg 이하
